

Memo: From The Director of Tennis

I would like to welcome everyone to the new and improved Twin Oaks Tennis Club. I am looking forward to taking our programs to the next level. The season is almost at an end, but things are only getting started. As you check our website every so often, you will see our new programs being offered. Just around the corner is our 5-week spring program to prepare everyone for the summer. Then as Summer rolls in we will be offering USTA's QuickStart for the little ones, a JV and Varsity Camp for the High School players, and "TTT" Summer Camp for the sectional and nationally ranked players. I am fully committed to bringing the best tennis back to Twin Oaks. I know from experience how important it is to have a good program to get to the next level. I have partnered with Richard Schick, formally of High Performance Tennis to form "Tournament Tough Training" at our facility. This will be a new program catering to the top ranked students who want to maintain and refine their skills for tournament competitions.

Sincerely

Florian Mihai

Director of Tennis
